COUNTER INTELLIGENCE WAR ROOM
LONDON.

WAR ROOM PUBLICATION

4 Sept 1945

SF.4/22/W.R.O.3a

4th September, 1945.

Ant VI Order of Battle

Note: The following paper deals with Ant VI with the exception of the Mil Ant, Gruppe VI S and Gruppe VI Z.

This publication cancels Appendix I to War Room Publication SF.4/22/W.R.O.3a dated 27th July 1945, which now should be destroyed.

This appendix has now been brought up to date, and attempts to cover all Ant VI officers of the following categories:-

- (a) Ant VI officers at the R.S.H.
- (b) Ant VI officers on the staff of Bds's.
- (c) Ant VI officers acting as representatives in neutral countries.
- (d) Ant VI representatives in SD-stellen in Germany.

It should be noted that the list does not cover the following classes:-

- (a) Non-commissioned officers; though high grade civilian specialists employed in technical sections are included.
- (b) Officers of Gruppe VI S or VI Z.
- (c) Mil Ant Officers.
- (d) Abwehr officers who have posted to Gruppen of Ant VI as a result of the absorption of the Abwehr.

As is inevitable in a list of this kind there are omissions, but it is not that these omissions are either numerous or serious. It is not proposed to subsequent lists of Ant VI officers. A liquidation report on Ant VI, replacing covering note of the War Room publication mentioned above, is in process of preparation and will be issued when reports on outstanding leading characters are received from the field.

Those personalities considered priority targets are indicated with an asterisk in the appendix.

For easy reference personalities under arrest are underlined in column 2.
